

ANTI WAR TALK SQUELCHED AT DEERWOOD BY SHERIFF

KEY PUBLISHED GIVES CAUSE OF EXEMPTION

118 Additional Names are Certified
to be Local Board and Cause
for Exemption Stated

Exemption Button Mailed to Each by County
Auditor C. W. Mahlum, Clerk of
the Board

The local board has certified additional names of men who have been exempted and discharged after examination.

The list numbers 118 and the cause for exemption or discharge can be ascertained by reference to this key:

a—Federal and state officers.
b—Ministers of religion.
c—Students of divinity.
d—Persons in the military or naval service of the United States.
e—Subjects of Germany.
f—All other resident aliens who have not taken out their first papers.
g—Physically unfit.
h—Those who have persons dependent upon them for support.

Exemption buttons have been mailed the men so released from service by County Auditor C. W. Mahlum, who is the clerk of the local board.

W. R. HEARST.

Declines to Enter Race
for Mayor of New York.

Photo by American Press Association.

William R. Hearst will not be a candidate for mayor of New York at the coming election. His declaration to allow his name to appear on the ballot at the coming primaries has been filed with the board of elections.

Woman Aviator Escapes Death Engine Stops

Porter, Ind., Sept. 1—Miss Katherine Stinson, aviator, barely escaped death when the engine in her machine stopped forcing her onto the telegraph wires, smashing the wing of her plane. She was making a Chicago-New York flight.

American Aviation Headquarters Open at Front on Monday

Paris, Sept. 1—The American aviation service opens headquarters near the front on Monday.

Admitting his identity when confronted by Sheriff Claus A. Theorin, A. L. Sugarman, Minneapolis socialist secretary under \$5,000 bonds, got a cold reception at Deerwood.

A big crowd gathered at the Northern Pacific railway depot when it became known he had left the train at 3 o'clock Friday afternoon.

Sugarman was expected to speak at a socialist meeting at Deerwood in the evening, and he told the sheriff he wanted to talk on the socialist policy against the war.

Sheriff Theorin told him that no anti-war talk was allowed in Crow Wing county. Sugarman shut up, there was no meeting and the crowd stayed about the depot until he left town.

America Begins Honoring Sons Drafted to Army

New York, Sept. 1—America begins to honor her sons who have been drafted to the army of democracy and for the next four days the nation will repay homage to them. President Wilson will march with the drafted men in Washington, a tap of the liberty bell at Philadelphia will start the parade. Many other cities throughout the country will have parades.

One-Third of Ammunition was Found Faulty

Washington, Sept. 1—One-third of the ammunition supplied to Gen. Pershing's expedition proved faulty, the officials learn, the defectiveness being due to the use of impure potassium chloride. Pure chemicals are now being used and no further difficulty is expected.

Increase Flour Rates and Grain Products Suspended December

Washington, Sept. 1—The interstate commerce commission has suspended until December 31, 1917, the operation of the rail increase on flour and other grain products from Minneapolis to Chicago and other Lake Michigan points for transportation over the great lakes transit corporation to eastern destinations.

ETHAN ALLEN.

Directs Red Cross Work
in Three Great States.

Ethan Allen, prominent woolen merchant of New York, recently was appointed manager of the Atlantic division of the American Red Cross. Mr. Allen will direct Red Cross activities in the states of New York, Connecticut and New Jersey.

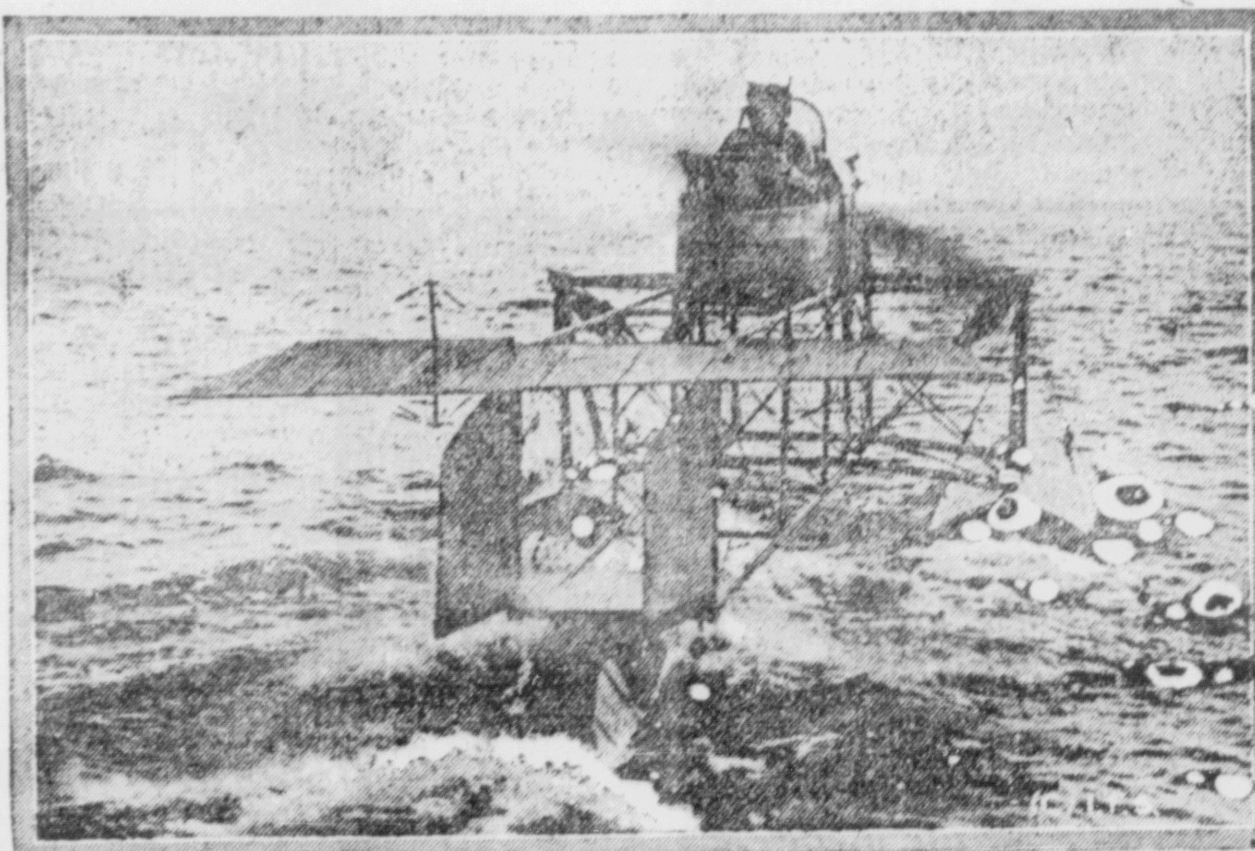

Guardsman Shoots a St. Paul Woman Commits Suicide

St. Paul, Sept. 1—Mrs. Cora Biller, aged 29 years, was shot and killed by a guardsman, Wm. Brinkhook, who then committed suicide. Jealousy was the cause. The woman was seeking a divorce.

European Groups American Interests Form Trade Deal

Washington, Sept. 1—European groups and American business interests are forming post bellum trade alliances despite President Wilson's warning against them. In reply to the pope the allied diplomats' rule that these alliances had been arranged and were virtually in working order before the vatican note or President Wilson's reply were forth coming in France, Italy and Switzerland are parties to the new governments but the individuals are without government backing.

First Photograph of New Submarine Chaser Off French Coast

This is the newest invention of the allies to offset the German U-boat. It shows a combination of airplane and hydroairplane, which works in

conjunction with an airplane above to catch submarines. Very little information about this new chaser has

been given out, but it is believed it never leaves the water on which it can travel at a very high rate of speed.

LAST LOG DRIVE IS LEAVING DAM

Boom Company Has Large Crew
Taking up Boom Sticks and Floating Logs to Mill City

Drive Brings to Close the Once Great River
Industry Which Flourished in
Pioneer Days

Pope Regards Wilson More Firmly Set on War than Any Others

Rome, Sept. 1—The pope regards President Wilson as more firmly set on the continuance of war than any other belligerent ruler, according to a vatican report, and his bitter disappointment over the Wilson reply is not concealed. The vatican may center the peace efforts on President Wilson because America appears more determined than others.

Pope to Launch Confidential Peace Feelers

Washington, Sept. 1—The pope will launch confidential peace feelers in advices sent to the diplomatic quarters, it being indicated that the first efforts will be along the lines of the restoration of Belgium, repayment for the wrongs suffered and permission to have the German garrison remain at Antwerp, autonomy to Alsace Lorraine, coal lands to stay German, Trieste port to be outside the Italian jurisdiction, the Balkan peace question to go to a peace conference, Bosnia-Herzegovina to remain Austrian.

Forced to Buck United Opposition of Master Bakers

Washington, Sept. 1—The 5 cent war loaf is up to the American people and they will be forced to buck the tremendous opposition of the organized master bakers. The people appear to have the experts on their side. The profits of the bakers will not be fixed by Hoover now at least, and the best in sight is the 16 ounce loaf for eight cents.

Bakers Resist the

New York, Sept. 1—The bakers are resisting the popular demand for the five cent loaf of bread.

Billions Asked Revenue Measure Presented House

Washington, Sept. 1—Eleven billion dollars war revenue measure was presented to the house with partisan approval.

Artillery Active

London, Sept. 1—South of Lens and in the neighborhood the coast enemy artillery was active according to report.

The boom company has a large crew taking the last log drive past Brainerd this week on its way to the mills at Minneapolis. The logs in this drive have been driven to the dam here from the upper points on the river and will now be floated down as far as possible this fall.

This drive brings to a close the once great river industry which has for years flourished throughout this vicinity and marks the end of lumbering on the Mississippi.

From 150 to 200 men were employed on the river. The Northern Boom company handled the work from up river to Brainerd and the Mississippi & Rum River company from Brainerd to Minneapolis.

The big drive was 750,000,000, close to 800,000,000 feet, made in 1893 and this, it was claimed was the largest made in the northwest. The only possible exception may have been a drive in Wisconsin in the palmist day of lumbering there.

In 1917 the drive dwindled down to 25,000,000 feet. Boomsticks are being taken up. With the logs out, navigation of the river will be improved. The company, however, will clean up deadheads later. From 25 to 40 percent of the logs floated down in the past slipped into the waters as deadheads.

Pat Long, largely identified with the drive at Brainerd, has gone to Minneapolis. He was well known throughout the northwest for his kindly treatment of men and successful results attained.

Whole Nation is Preparing to Make Defense Sacrifice

Moscow, Sept. 1—Premier Kerensky sends word to the American people through the United Press that he believes the Moscow conference has shown that the whole Russian nation is preparing to make a sacrifice for that country's defense.

80 Per Cent Amendment is Rejected

Washington, Sept. 1—The senate rejected Johnson's amendment of 80 per cent war profits tax by a vote of 17 to 62.

Meet in Chicago

Chicago, Sept. 1—The Peoples' Council have started their session here.

Police Break Up Peoples Council

Chicago Meeting
Chicago, Sept. 1—The police broke up the Peoples' Council meeting shortly after its session opened here.

Italians Take Many

Rome, Sept. 1—The Italians took over 27,000 prisoners in the recent Austrian drive.

While out riding or walking; suppose you leave Ash Ave. at 8th St. N. E., and go south to Oak, examine the new buildings and fine large "Liberty lots" still unsold, and think how nice it would be to own a little home and garden around there. Nettleton. 1t

Miss Margaret Rafferty left Tuesday for Brainerd where she will visit for two weeks. From Brainerd she will go to St. Paul where she will visit for some time and from that city she will go to Green Bay, Wis., where she will pass the winter. She will be accompanied from St. Paul to Green Bay by her aunt.—Bemidji Sentinel.

At "Birchdale" on North Long lake, at the George R. West summer resort, Miss Esther Berg of Minneapolis, caught a 15 pound pickerel. Mrs. Andress of Minneapolis two bass weighing 5 pounds and two and a half pounds and Mrs. West a pickerel weighing between seven and eight pounds. The catch was photographed.

The funeral services over the remains of Andrew J. Swanson were held Friday afternoon from the Swedish Lutheran church, Rev. Eloy G. Carlson officiating and assisted by Rev. A. Sorenson. A duet was sung by Mrs. O. B. Johnson and Miss Jennie Beck. The casket was literally covered with flowers, tributes of love of the many friends of the deceased. Among the out of town relatives and friends at the funeral were Mrs. Axel Noreen of Hudson, Wis.; Alexander Nelson, of Excelsior; Herman Anderson, St. Paul; Arthur Johnson and Mr. and Mrs. Walter S. Elliott, of St. Cloud; Mr. and Mrs. Bruno Olson, Crosby; Mrs. O. P. Erickson, Deerwood. The pall bearers were John A. Erickson, Christian Bruhn, Swan Johnson, August Lind, Ralph E. Peterson and John Carlson. Members of the Modern Woodmen of America and the Svea society attended.

PRESIDENT'S REPLY KILLS POPE'S HOPE

Rome, Sept. 1.—It is stated at the Vatican that Pope Benedict, on receiving President Wilson's reply to his peace proposals, did not attempt to conceal his bitter disappointment, and that he regards the president's answer as leaving little room for further peace efforts at present.

Before President Wilson's reply was read the pope was reported to have signified his intention of issuing a reply after receiving the answers of all the belligerents, pointing out questions in regard to which all the nations at war might be in agreement and others concerning which it would be necessary to hold discussions.

GERMAN SPIES CONVICTED

Found Guilty in Norway of Aiding U-Boat Warfare.

Christiania, Sept. 1.—Three German spies have been convicted at Bergen for supplying information to submarines regarding the sailing time of vessels, which later were torpedoed.

Captains Laven and Schwartz, German citizens, and Thorsen, a Norwegian, all were given terms in the penitentiary. Laven was sentenced to five years, Schwartz to four and Thorsen to ten years' imprisonment.

Captain Laven admitted that he worked under instructions from the German authorities. He said that German subjects were forced to obey such orders.

Norwegian newspapers in commenting on the trial emphasized that the country must take note of the fact that German subjects must obey orders from their own country.

BIG DRIVE NEXT SPRING

American Troops Will Participate in Offensive.

Washington, Sept. 1.—The first great, direct military blow by the American army is believed planned for next spring in conjunction with the Anglo-French, Italian and Russian drives. It was asserted that should the United States at that time have only 200,000 men in France they would be sufficient to take a highly important part, as the American soldiers would be the best equipped in the field.

It is considered certain that the United States troops will be the most adequately supplied with machine guns and one company with machine guns, it was pointed out, is worth a battalion with rifles.

America also will send to France a larger number of airplanes in proportion to troops than any other belligerent.

WOMAN'S REALM

GEORGIA DREXLER HEARD IN RECITAL

Violin and Soprano Soloist Presents
Attractive Program at the Methodist Church

PUPIL OF EDWIN HARRIS BERGH

Tones of Violin are Full and Sweet
and She Played and Sung With
Marked Ability

It is a happy occasion in a community when it pauses to take cognizance of the progress or attainments of one of its own children. Such was the occasion last evening, when at the M. E. church, Edwin Harris Bergh presented his pupil, Miss Georgia Drexler in violin and song recital.

The attractive new auditorium was prettily decorated with ferns, flowers and national emblems always so appropriate these days. The audience was an unusually large one for a date so early in the musical season and gives promise that despite the stress of the times, Brainerd will not make the mistake of neglecting the finer arts and especially the encouragement of its young people in their cultivation of the same. Those present came expecting to be pleased.

That Edwin Harris Bergh brings forward a pupil means there will be something worth listening to; there will be correct tones and a certain conscientious endeavor to do one's best. Brainerd is blessed in having a teacher like Edwin Harris Bergh. It is twice blessed when among its children is one of marked musical talent like Miss Drexler.

The mastery of the instrument which she attained in the short time she has studied in remarkable. Her tones are full and sweet and she plays with poise and decision. She has marked ability in musical interpretation of most contrasting moods as was evinced by her renditions of Elegie and Kujawiak. This is also true of her singing; her musical good taste, and sympathetic appreciation of good music have been evinced indeed from earliest childhood, and she has a naturally well placed voice, which is not usual.

Her teacher accompanied her in her songs on the violin in a delightful manner. The last number, "The Rosary," was arranged as a violin duet and was very beautiful. Miss Drexler's voice solo making an attractive ending. Her sister, Miss Effie Drexler, accompanied her throughout in a most acceptable manner.

The proceeds of the concert will go toward the fund of Miss Drexler's Sunday school class.

WHY IT SUCCEEDS

Because It's for One Thing Only, and Brainerd People Appreciate This
Nothing can be good for everything.

Doing one thing well brings success.

Doan's Kidney Pills are for one thing only.

For weak or disordered kidneys. Here is Brainerd evidence to prove their worth.

Charles Ellison, 512 S. Quince St., Brainerd, says: "My kidneys were disordered for several years and seemed to be gradually getting worse. I was taken with such awful pains in my back that I had to go to bed. Medicine patched me up somewhat and I got out in a few weeks, but I continued to suffer severely. I finally got Doan's Kidney Pills at H. P. Dunn's Drug Store and a few boxes put me in good shape."

LASTING BENEFIT
OVER FIVE YEARS LATER Mr. Ellison said: "I can still recommend Doan's Kidney Pills. The benefit I got has lasted."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ellison has twice publicly recommended. Foster-McBurn Co., Props., Buffalo, N. Y.—Adv't.

Red Cross Deputy for Europe.
Washington, Sept. 1.—The appointment of Edgar H. Wells, formerly dean of Harvard college, as deputy commissioner for Europe, was announced by Henry P. Davison, chairman of the Red Cross war council. For the present Mr. Wells has been assigned as one of the Red Cross representatives in England.

Poles See Lack in Pope's Note.
Chicago, Sept. 1.—The Polish national defense committee made public a letter sent to the Vatican noting with regret that in the pope's peace proposal he did not insist that Poland is entitled to full independent political life. A copy was sent to the president.

GAVE CANNING DEMONSTRATION

Large Audience Present at the High School Friday Coming From all Parts of Town

MRS. L. P. HALL PRESIDED

Assisted by Mrs. C. D. McKay and Members of Local Conservation Committee

A large audience of Brainerd women was present at the canning demonstration at the high school, coming from all parts of town and representing various lodges and church organizations. There were also several out of town guests among whom were Mrs. J. H. Sanborn, formerly of Brainerd and her daughter Priscilla, now guests of Mrs. J. M. Elder, Mr. and Mrs. H. H. Ziegler of Kansas accompanied Mr. and Mrs. L. P. Hall from Bay Lake, and Mr. Ziegler kindly assisted by giving an expert demonstration of the most approved method of steaming a fish. The fish were beauties from Bay Lake.

The ladies took in all the fine points and it was a pity there were not more men present. Mrs. W. H. Gemmell distributed government canning bulletins and proposed that the women plan some way by which no perishable vegetables brought into our new market be allowed to go to waste, but bought up at the end of each day. Mrs. Withington, chairman, appointed a committee to look into the matter.

L. P. Hall said if the farmers could be assured that their produce would be sold, they would be much encouraged to bring it in.

Mrs. L. P. Hall, assisted by Mrs. C. D. McKay and members of the local conservation committee, proceeded with the demonstration of the

canning of fish, chicken, Swiss chard, sweet corn, beets, tomatoes, plums, pears, etc. The ladies furnishing these articles, took home the finished products.

Mrs. Hall showed some very attractive cans of her own home-processed fruits and vegetables.

The women of Brainerd feel very grateful to Mrs. Hall for her kindness in coming to them for this demonstration and very proud of their efficient county chairman. Any way in which they can aid her in the furthering of the conservation movement throughout the county the ladies feel sure they will be happy to do.

Would Crow Wing county be able to feed itself this coming winter? Happy is the county which is in such a case and has some to spare for the counties less fortunate.

Keep an eye out for the war bread recipes published soon in this paper. Brainerd women are invited by Mrs. Hall to send exhibits of the same to the coming county fair at Pequot where the Public Safety will have a booth.

Help Wanted

The women who are now doing the work in surgical dressings, are greatly in need of more help. Brainerd Chapter wants to do its share of this very important branch of the work and a box containing hundreds of dressings must be sent soon.

Will all who are willing to help, come to Library Hall Tuesday afternoon, Sept. 4th, at 2 o'clock?

The committee in charge particularly urges all those who took the course to be present to assist the volunteers.

The Word "Tartan."

The Scottish word "tartan" is supposed to have been taken from the Spanish and French "tiretaine." In Spanish this means something thin and dimmy, from "taritar," to shiver with the cold. In French the term "tiretaine" is applied to the mingled fibers of linen and wool, which is called sometimes linsey woolsey.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

BREAD PRICE WILL FALL ONLY SLIGHTLY

Washington, Sept. 1.—Prospects of an early and radical reduction in bread prices apparently vanished when Herbert Hoover, the food administrator, announced that the best the public may expect is a sixteen-ounce loaf for 10 cents or possibly 8 cents.

The 8-cent loaf of sixteen ounces is possible, Mr. Hoover said, only if bakers, retailers and consumers unite to eliminate wasteful distribution methods and co-operate to obtain a standardized loaf.

The price of family flour, he said, should be reduced at the present price of wheat \$2 or \$3 a barrel at least. Bakers' flour, however, will sell little cheaper than at present.

C. I. Corby, who is serving for the bakers of the country as a voluntary aid to Mr. Hoover, said that a sixteen-ounce loaf for 10 cents would represent a slight reduction in present prices.

The country's millers have agreed to hold their profits on flour to 25 cents a barrel.

RUSSIAN TROOPS ON HAND

Prevent Reassembling of Finnish Parliament.

Helsingfors, Finland, Sept. 1.—Russian troops occupied the parliament building at an early hour to prevent the reassembling of the diet in defiance of the decision of the Russian government. The city is calm. The Helsingfors council of workmen's and soldiers' deputies has ordered the crews of warships to return to their vessels.

During the afternoon 100 deputies endeavored to enter the parliament building, but were kept out.

Young Women \$ \$ Young Men

Learn shorthand, typewriting, bookkeeping, business law, business English, advertising, salesmanship, rapid calculation, spelling and penmanship, and the Little Falls Business College will place you in a good business position at a good salary. What we have done for others, we can do for you.

The Little Falls Business College LITTLE FALLS, MINNESOTA

Has had more good positions this year than it could supply. There is a great demand for high school graduates with a good college education in business. Good eighth grade graduates who are faithful workers have splendid success and hold some of the best positions.

If you can learn other things you can learn the subjects in Business College. When young men and young women can attend the Little Falls Business College for a few months and go directly from college to a good positions at \$40 to \$80 a month it surely pays. Many of our students earn as much in 2 months as it costs to put them through college.

97 1-2 per cent of the success of any business depends upon the brains back of it and only 2 1-2 per cent of its success depends upon the buildings, machinery, stock, etc. This is the reason why the demand is so great for trained brains and also why thoroughly trained people receive large salaries.

Mark with an (X) the following subjects you are interested in.

FREE AUCTION AND MARKET DAY

Being Outlined by Chamber of Commerce Similar to One Given Direction Retail Committee

TO BE HELD THIS MONTH

To be Conducted on Market Place, Lunch to be Served Farmers Holding Lunch Tickets

Plans for another free auction and market day for the benefit of farmers in particular, similar to that held under the direction of the Retail Trade committee of the Chamber of Commerce last spring, are being outlined by the secretary and the latter part of September will witness another big gathering of farmers here and the announcement of special bargains by the progressive merchants of the city. The date will be announced later.

Free Auction

A free auction for the benefit of farmers, will be conducted on Market Place, near the new county building and farmers will be given an opportunity to dispose of goods and chattels from the farm, the services of an auctioneer being afforded them gratis. Lunch will be served farmers holding lunch tickets, to be furnished them by merchants advertising on the Market Day page in the local papers. This lunch will be served at the Chamber of Commerce rooms, where at the last Market Day over three hundred persons were accommodated.

Advertising Space

Merchants who desire space on the Market Day page are invited to notify the secretary at once. This space is taken up rapidly and each advertiser is given ten lunch tickets with his ad which he can give out to his farmer friends during the time elapsing between now and the day of the big free auction and bargain day. Merchants in the same line of business are urged to get together and avoid confusion in advertising the same goods as a special bargain.

Reserve your space NOW, as it will be taken rapidly.

Sales at the new market before it was fairly opened, were Wednesday \$19.95, Thursday \$16. Yesterday two men came in and each wanted a load of hay, left their names. Two farmers brought in a load each shortly thereafter. Market manager called purchasers. They came over and took both loads at once. This only one illustration of how it works.

ROLL OF HONOR

Among the new commissions in the officers reserve corps announced from Washington is that of Thomas L. Crowell of Philagra, second lieutenant, engineer. Lieut. Crowell is a son of Thos. H. Crowell, of this city.

"Intolerance" Tomorrow

See D. W. Griffith's "Intolerance" when it comes to the Park opera house tomorrow, Sunday, Sept. 2, if you would be amazed and thrilled and fascinated by what has been called the most novel, stupendous and magnificent stage art-work the world has ever known.

In "Intolerance" Mr. Griffith has achieved the seemingly impossible for he has literally rebuilt the past and contrasted it with the present. Through four civilizations he reveals love's mighty struggle with intolerance. In his reproduction of ancient Babylon, of Medieval France, of Judea of the Nazarene and a phase of adventurous modern life he shows you history in the making, famous scenes and deeds, the life, the romance, the joys, the sorrows, the loves and triumphs and failures of many of the world's most celebrated personages.

"This spectacle," said a famous critic, "is one that stirs the imagination, attacks the emotions and staggers the eye. So gigantic is it, so universal in theme and so diversified in content, that it seems impossible to believe that the brain of one man directed and planned it all."

In its cast, the largest one ever assembled for a stage production, are seen among other film favorites, Mae Marsh, Miriam Cooper, Constance Talmadge, Seena Owen, Lillian Gish, Margery Wilson, Robert Harron, Alfred Paget and Walter Long. A symphony orchestra and chorus of voices are features of its presentation.

No Consulted

(By United Press)

London, Sept. 1—Lord Cecil declares that the allied nations were not consulted by President Wilson in his reply to the pope's peace note.

TENNIS MATCH ON LABOR DAY

Tournament Will Draw Players From Little Falls, Crosby, Deerwood and Brainerd

NED BUXTON, DULUTH, COMING

Wm. C. Deering, Champion of Central Minnesota, to be Here to Defend His Title

The Brainerd Tennis Association is all ready for the annual tournament to be held Labor Day at the tennis grounds opposite the court house. The grounds have been put in fine condition and plans for the entertainment of the visitors have been completed.

Representatives from Little Falls, Crosby, Deerwood and Brainerd will compete for tennis honors in some close and interesting contests. No admission fee is charged and all lovers of this sport are welcome to witness the games.

The contests have been held on Labor Day in Brainerd for a number of years and have become a rather permanent feature of Labor Day amusement. Brainerd will be represented by G. H. Stone, B. J. Broady, R. R. Denison in singles and doubles.

Wm. C. Deering of Crosby, who for the last four years has held the singles championship of central Minnesota, will be here to defend his title. He will bring with him Garceau of Crosby who will play as his partner in the doubles.

Ned Buxton of Deerwood who has just recently made such a creditable showing in the northwestern tournament held in Duluth, will play, and Little Falls has notified the local management that they will be represented with strong players in both singles and doubles.

The Brainerd players have been practicing quite faithfully for the tournament and will make a good showing against all comers. Play will start at 9 o'clock in the morning and continues along until all the matches are completed and the winner in singles and doubles have won their titles.

It is hoped that some matches between the Brainerd women and the visiting ladies may be arranged. Brainerd has a number of women who play a very creditable game and they can undoubtedly beat any representatives of the fair sex from other places.

BIG PATRIOTIC MEETING TONIGHT

Deerwood, Minn., Sept. 1—A banquet and dance will be given the Deerwood young men called to service under the colors, the banquet being served at the Dower Lumber Co. large shed this evening. Girls of the village will serve the banquet. Three hundred chickens are on the menu.

SONGS TUESDAY EVENING

Red Cross Girls Will Sing "I'll Show You What I Can Do." Composed by Mrs. Clyde E. Parker

The principal speaker at the patriotic meeting Tuesday evening will be L. C. Harris, of Duluth, former law partner of Hon. Charles A. Towne.

At Tuesday evening's patriotic meeting a group of girls dressed as Red Cross nurses will sing "I'll Show You What I Can Do," a catchy song of the operetta, "The Panorama of Palm Beach," composed by Mrs. C. E. Parker.

The sextette will be the Misses Marie Clark, Helen Kiebler, Irene Brockway, Delilah Koop, Lillian Irwin and Norma Brady. The twelve little girls taking part in the flag drill will be Lucille, Katherine and Eleanor Nolan, Virginia Casey, Netha Baker, Mildred and Irma Seeger, Gweneth Taylor, Maisey and Marguerite Carmichael, Dorothy Wittington and Ruth Beise.

Business Hours at the Post Office on Monday, Sept. 3d, Labor Day

The general delivery and stamp windows will be open from 8 until 9 o'clock in the morning, after which hour they will be closed for the day. There will be no delivery by either the city or rural carriers but those who receive their mail by carrier may call at the office for it at the above hour. The lobby of the office will be open during the entire day for the benefit of box renters and the usual distributions and dispatches of mail will be made. No money order business will be transacted.

H. P. DUNN, P. M.

ASSIGNMENT OF TEACHERS

Tentative Arrangements Announced Which May be Subject to Change Tuesday Morning

ADVICE IS GIVEN PARENTS

Established Age of First Primary Children is Six Years—General Meeting Teachers

The following is a tentative assignment of teachers which will be subject to change as the necessity of the case may require before Tuesday morning:

Harrison Building—Miss Caniff principal, Miss Beck, Miss Freeberg, Miss Wahl, Miss Gilmore, Miss Redy, Miss Allen.

Lowell Building—Miss Williams principal, Miss Foley, Miss Heley, Miss Austin, Miss Irwin, Miss Susan Hanson, Miss Esther Anderson, Miss Carlson, Miss Early, Miss Bishop, Miss Cosgrove mill, Miss Koop.

Whittier Building—Miss Barrett principal, Miss Lowey, Miss Smith, Miss Mitchell, Miss Somers, Miss Small.

Lincoln Building—Miss Case principal, Miss Crahan, Miss Winter, Miss Patterson, Miss Edmunds, Miss Mae Hansen, Miss Sager, Miss Walsh.

Washington Building—Miss Gutzler grade principal, Miss Walsh, Miss Louise Anderson, Miss Munger, Miss Margaret Somers.

High School—R. R. Denison principal; P. M. McNoun, agriculture; C. H. Kimball, manual training; G. B. Stone, science; W. B. Ashley, commercial; Mrs. Bertha Lawrence, normal training; Miss Sheldon, home economics; Miss Keen, assistant home economics; Miss Seymour, music; Miss O'Brien and Miss Schroeder, mathematics; Miss McKinney and Miss Richardson, English; Miss Tornstrom, history; Miss Qualee, Latin; Miss Neva Schroeder, general assistant and mixed grade.

Parents of first primary children are advised that the established age for beginning pupils is six years. There is a reasonable limit to the number of pupils that a first primary teacher can properly care for, and, in some sections of the town, the number of pupils to be cared for has about reached the limit of the building.

Primary teachers will endeavor to care for entering pupils who will be six years old before January first but the school board will have to reserve the right to modify this ruling and confine the age limit to six years, if the crowded condition in any section of the town should so require. In the Harrison, Washington and Lincoln districts there are no additional rooms available for the employment of additional teachers.

A general meeting of all teachers both high school and grades, will be held in the high school assembly room at 4:30 P. M. on Monday for general instructions incident to the opening of school and for possible changes in assignment of teachers.

WHERE TO WORSHIP

Swedish M. E. Church
Rev. C. M. Holmberg will preach on Sunday at 10:45 A. M. and 8 P. M. All are cordially welcome.

(Cor. Forsyth and Fourth, N. E.)
9:45 A. M. Sunday school. 11 A. M. examination of class in Catechism. 7 P. M. Young Peoples meeting. We invite you to come. 7:45 P. M. service, subject, "The Pre-dicted Present Day Corruption of Christendom and Its Judgment." Dykenian Sunday School 2 P. M. Service 3 P. M.

St. Paul's Episcopal Church
13th Sunday after Trinity. 9:30

Home-Reading Course For Our Citizen-Soldiers

(Issued by the War Department and all rights to reprint reserved)

This course of thirty daily lessons is offered to the men selected for service in the National Army as a practical help in getting started in the right way. It is informal in tone and does not attempt to give binding rules and directions. These are contained in the various manuals and regulations of the United States Army, to which this Course is merely introductory.

LESSON NO. 15

FIGHTING ARMS OF THE SERVICE

(PRECEDING LESSONS—1. Your Post of Honor. 2. Making Good as a Soldier. 3. Nine Qualities of a Soldier. 4. Getting Ready for Camp. 5. First Days in Camp. 6. Cleanliness in Camp. 7. Your Health. 8. Marching and Care of Feet. 9. Your Equipment and Arms. 10. Recreation in Camp. 11. Playing the Game. 12. Team Work in the Army. 13. Grouping Men into Teams. 14. The Team Leaders.)

We have spoken so far as if all soldiers were infantrymen; that is, as if all fought on foot armed with rifle and bayonet. As we all know an army is much more complex. There are two other "fighting arms" of the service, the cavalry and the artillery. These three branches of the army are sometimes called the "line"—a term which comes down to us from the day when soldiers in battle were always drawn up in line. The other branches to be described later, are included under the general term "staff". However, the engineer corps and the signal corps are in part troops of the line, though they are herein described for convenience under the heading of "Staff branches of the service."

The infantry is the backbone of the army. "It is the infantry soldier who must bear the greatest stress of battle, and war is more dependent for success upon his individual action than upon any other factor." By far the largest number of men in the National Army will go into the infantry branch of the service. In the present war the importance of infantry is even greater than in previous wars.

The Value of Infantry

It is not enough for Infantry to know how to defend itself. It must know also how to attack. It is not enough that it should be able to move forward in masses. The infantry soldier must also have the intelligent self-reliance that will enable him to act as an individual; always, of course, within the limits of military discipline.

The chances for initiative in present-day warfare can best be illustrated by recounting the story of Michael O'Leary, a lance corporal of the Irish Guards in the British army. On February 1, 1915, the Guards were ordered to retake a trench which had been temporarily lost to the Germans. O'Leary was off duty and need not have joined in the attack at all. But that did not stop him for a moment from using his courage and his brains to help his regiment win.

Jumping out of the trench he ran at full speed to a railroad cut on the right of the first German line where he was partly under cover from the enemy's fire. With five shots in succession he killed or disabled five men before his comrades reached the trench. Not satisfied with this achievement he ran ahead until he came up from the railroad cut beside the second German line. Here was a machine gun. The officer in command had just pointed the gun at the Irish Guards in the first trench and had his finger on the firing button when he was dropped by a well-aimed bullet from O'Leary's rifle. He shot two other Germans who were attempting to fire the machine gun, whereupon the remainder of the squad threw up their hands and surrendered.

Thus it happened that when his company of the Irish Guards reached the second line without the loss of a single man they were amazed to find O'Leary ahead of them in complete possession. He was made a sergeant on the field, and later given a Victoria cross. After other exhibitions of bravery and initiative the 26-year-old soldier became Lieut. O'Leary.

There is always an element of

luck in such unusual achievements, but all the luck in the world is useless unless the soldier has developed his intelligence, spirit, and self-reliance during his months of training.

The Cavalry

The cavalry is armed with saber and pistol, as well as rifle. Since the early months of the present war there has been little opportunity to use cavalry on the western front. For the most part the cavalry forces of European armies have been fighting in the trenches as infantry.

Under those conditions it has been determined to reorganize several of the cavalry regiments of our regular army as field artillery. United States cavalry, as such, is not to be used in Europe at present. Some good judges believe that the cavalry will again come into its own before the war is ended, but on this question no final opinion can now be given.

The coast artillery, which handles the big-caliber guns guarding our chief harbors against naval attacks, is a branch distinct from the field artillery, which handles the smaller guns drawn by horses or motors and moved about with the rest of the army. The present field guns range in size from 3-inch caliber to 4.7 inches. The field artillery also handles howitzers, which throw heavy shells high into the air so that they will fall upon the target at a very steep angle.

The chief kinds of artillery ammunition are shrapnel and high explosives. The shrapnel is intended to burst in the face of the enemy and scatter a large number of bullets. The high explosives are used chiefly to blow up enemy trenches.

Increasing Importance of Artillery

The importance of artillery has been very much increased during the present war. It is the most effective of all weapons in preparing the way for attack. In advance of an attack on a large scale there are often several days of continuous artillery duel, during which the big guns of both sides try to locate and put out of action the opposing guns. In fact, on the western front the artillery duel never entirely ceases.

The chief qualities of a good artilleryman are intelligence and tenacity. He must know his gun so well that he can not only play his own part but, if necessary, can take the place of any of his comrades. He must have the courage that enables him to hold any position assigned to him until the order is given to move.

Similar to the artillery in many respects are the machine-gun troops. Machine guns shoot out a steady stream of bullets and have great value against an attack from the front. They may also be readily carried forward by attacking troops and used with great effect against the defenders of a position.

"A skirmish line can not advance by walking or running when hostile machine guns have the correct range and are ready to fire. Machine-gun fire is not especially effective against troops lying on the ground or crawling. When opposed by machine gun, without artillery to destroy them infantry itself must silence them before it can advance. Concealment and patient waiting for critical moments and exceptional opportunities are the special characteristics of the machine-gun service in decisive actions." (Infantry Drill Regulations, para. 542, 545-546.)

In handling machine guns, just as in handling artillery, intelligence and tenacity are the qualities most needed. There are numberless examples in the present war of courageous self-reliance on the part of individual soldiers in repairing or serving machine guns while under fire, and thus playing a big part in helping to win victories.

the great religions stand this test? All are welcome to the services.

First Baptist Church

Morning service at 11 o'clock. The pastor will speak on the subject, "How to See God." Evening service at 8 o'clock. The sermon subject will be "A Clean Heart." The vacation season is over and all members of the congregation are requested

The Finest Public Institution of its kind in the World

ed to be present Sunday morning and evening. The monthly communion service will be held at the close of the morning sermon. Sunday school at 9:45 A. M. B. Y. P. U. at 7:00 P. M. All are invited. R. E. Coody, pastor.

Methodist Church

Morning worship at 10:30 A. M. Sermon by the pastor, Rev. F. W. Hill on the theme "Heart Longings Satisfied." Special music; anthem, "God be Merciful," McPhail; "Remember Now Thy Creator," C. B. Adams, by the Mixed Quartet.

Immediately following the morning sermon the Sacrament of the Lord's Supper will be administered. All followers of Christ are cordially invited to commune with us on this occasion.

Bible School at 12 o'clock. Epworth League at 7 o'clock, topic, "Has Summer Playing Brought Leanness to Your Soul?" Leader, Miss Hazel Keller. Consecration service. At 8 o'clock, as this service immediately precedes our annual Labor Day, the pastor will observe this occasion by delivering a Labor Day sermon on the subject, "The Power of Cooperation." Industrial workers are especially welcome to this service

vice and the pastor will endeavor to preach a sermon that will not only be helpful spiritually but also have a most practical bearing on this important subject. Special music: anthem, "We March to Victory," Hoffman; solo, "Be Thou Nigh," Bailey, Miss Mildred Farwell. You are cordially invited to worship with us.

Peoples Congregational Church

Rev. William Lloyd Crist, pastor. Sabbath school, 10 A. M. Morning service, 11 A. M., subject, "Definiteness of Purpose in Christian Work." Evening service 8 P. M., subject, "The Nearness of the Kingdom." All those not worshipping elsewhere are cordially invited to meet with us.

Gift of \$500,000 to Red Cross.
Washington, Sept. 1.—The gift of \$500,000 from the Ford Motor company of Detroit, Mich., to the American Red Cross war council. The gift is in the form of a credit on the Ford factories for half a million dollars worth of automobiles, ambulances, parts, etc., as the Red Cross may designate.

SEATTLE STRIKE IS SET FOR WEDNESDAY

Seattle, Sept. 1.—A strike of more than 12,000 workers in Seattle shipyards and plants engaged in fabricating shipbuilding material to enforce demands for a general increase in wages was set for next Wednesday by officers of the fifteen affiliated unions of the Seattle Metal Trades council executive session.

Formal notice of the strike date was served upon all companies and firms that have not met the union demands.

The ultimatum is that the demands made by the unions six weeks ago, when they gave notice of their intention to abrogate the existing blanket agreement on Aug. 1, must be met on or before next Tuesday or the workers will walk out.

The wage increases asked are said to average 7 per cent in most of the trades. A \$6 a day minimum for mechanics is the basis of the proposed new agreement.

WILL PROTECT CONSUMERS

Government to See That Coal Prices Are Observed.
Washington, Sept. 1.—If retail coal dealers do not supply the consumers with coal at prices to be fixed by the administration the government will do so, it was said here.

C. W. Wattles of Omaha, feed and coal administrator for Nebraska, conferred with Dr. H. A. Garfield, coal dictator, and Herbert C. Hoover, food administrator, and was informed, he said, that the consumers are to be protected by the government in case dealers attempt to dodge control.

No official announcement has been made on this subject as yet. Mr. Wattles understood that the plans for carrying out such a scheme have not been completed.

NEXT LIBERTY LOAN DRIVE

Treasury Sets Date Tentatively for Oct. 1 to Nov. 1.
Washington, Sept. 1.—The opening of the next Liberty loan campaign has been set tentatively by the treasury department for Oct. 1 to Nov. 1.

The amount, interest rate, denomination and other details will be announced after congress disposes of the pending bond bill.

Indications are that the next offering will approximate \$3,000,000,000.

Under the war revenue bill, passed last April, \$7,000,000 was made avail-

able for expenses of floating \$5,000,000,000 in bonds and \$2,000,000,000 in short term certificates of indebtedness. It is reported that about half already has been disbursed.

LARGE DISTILLERIES CLOSE ON SEPT. 8

Peoria, Ill., Sept. 1.—Peoria, for more than half a century the whisky making center of the United States, will lose its title of "The Still City" early in September, at least for the duration of the war. On Sept. 8 at 11 p. m., five distilleries here, the largest in the world, will cease. The big plants, which have been making 35 per cent of the whisky in the country, are to close under the national food administration law and orders from Washington to Edward D. McCabe, internal revenue collector here, are that all tubs in the distilleries must be empty of "beer," as the whisky brew is called, by the hour named.

Labor does not appear to be in any particular danger as a result of the coming shutdown, although more than 1,200 men are employed in the distilleries. They will find positions in other big plants here manufacturing farm machinery and tractors and government products.

In money Uncle Sam probably will be the biggest loser, for he will be out some \$30,000,000 a year in internal revenue taxes.

ONE BATTALION WIPED OUT

Russian Women Soldiers Shame Their Male Comrades.
Geneva, Sept. 1.—The correspondent of the Journal Azzet at the Austro-Hungarian front pays a tribute to the extraordinary bravery of the Russian women's death battalions.

The women, he says, shamed their male comrades, who deserted or retired in masses during the battle, especially at Pokshani and Soveja, while the women at great loss covered the retreat, fighting stubbornly, though badly supported by the artillery.

The women lost heavily, one battalion being annihilated while holding an important hill.

Fire Sweeps Russian Town.
Petrograd, Sept. 1.—Many persons were injured in a fire in the city of Kazan, on the Kozzanka river, 430 miles east of Moscow. The flames spread rapidly and caused much destruction. Martial law has been proclaimed.

A Great Discovery

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

As a remedy for those easily recognized symptoms of inflammation caused by uric acid—as scalding urine, backache and frequent urination, as well as edema in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly Anuric acts; the pains and stiffness rapidly disappear.

The very best possible way to take are of yourself is to take a glass of hot water before meals and Anuric, the discovery of Dr. Pierce of Buffalo, N. Y.

Step into any drug store and ask for a 50c. package of Anuric, which is many times more potent than lithia and eliminates uric acid as hot water melts sugar. A short trial will convince you.

MOTHERS OF MINNESOTA HERE IS ADVICE FOR YOU.

Minneapolis, Minn.—"I have found great relief in Dr. Pierce's Favorite Prescription. During my early married life it was recommended to me during expectancy, I was run-down and in a nervous state, and the 'Prescription' built me up and cured me of this nervous condition. Since that time I have always taken the 'Favorite Prescription' and it has always been such a help to me in keeping me well and strong, and my babies were all fine and healthy. I consider 'Favorite Prescription' one of the best things a woman can take."—Mrs. DAVID DUBBY, 2228 E. Lake Street.
